

Dear Restaurant Owner or Manager,

I am a currently a customer of your establishment and I am delighted that you have incorporated a gluten free menu for those of us who are intolerant to wheat and gluten.

However, one thing missing from the majority of the gluten free menus is good gluten free bread and desserts. It's very discomfoting to sit through dinner smelling fresh baked bread and not being able to partake! How wonderful it would be to have bread along with my friends at lunch or dinner.

I'm not sure if you are aware, but there is a spectacular gluten free bakery in Sarasota. Island Gluten Free Bakery has been in business since 2006 and more importantly they bake fresh in a dedicated gluten free facility.

They have fabulous breads, desserts and are wholesaling to other local establishments.

For wholesale information you may call 941-923-0200 ask for Karen. You may also email her at [islandgfbakery.com](mailto:islandgfbakery.com). For more information and testimonials, visit their website at [www.islandgfbakery.com](http://www.islandgfbakery.com).

Thank you for your time and consideration.

Sincerely,
